

MPS Seminar Series
Fall Semester 2021
 Mondays at 4:10 p.m.
 (Refreshments at 4:00 p.m.)
Room MPS 1200

| Date | Speaker | Host | Title |
|--|---|--------------------|--|
| 9/13/2021 Virtual | Katie Dehesh University of California - Riverside | Peter Lundquist | "How the retrograde signal triggers diametrically opposed growth and systemic stress responses" |
| 9/20/2021 Virtual | Angela Falciatore Sorbonne Universite, Paris | Eva Farre | "Timekeepers in the Ocean: New Insights from the Study of Circadian Rhythms in Diatoms" |
| 9/27/2021 | Anna-Lisa Paul University of Florida | Joanne Thomson | "Going Boldly - Exploration Science in Plant Space Biology" |
| 10/4/2021 | Lucia Strader Duke University | Courtney Hollender | "Auxin Response factor's & transcriptional control" |
| 10/14/2021 Thursday Virtual | Gioia Massa NASA Kennedy Space Center | Joanne Thomson | "Plants in Space, Veggie, and Space Crop Production" |
| 10/18/2021 Virtual | Dominique Bergmann Stanford University | Courtney Hollender | "Adjusting the valves: stomatal development in time & space" |
| 11/1/2021 | Kelly Dawe University of Georgia | Ning Jiang | "Applied centromere Biology: Haploid induction & synthetic chromosomes" |
| 11/9/2021 Tuesday Virtual-10AM | Klaas Vandepoele VIB/Ghent University | Erich Grotewold | "Unravelling gene functions through integrative network biology in plants" |
| 11/15/2021 Virtual | Marcelo Yanovsky Instituto Leloir Fundacion | Eva Farre | "Daily & seasonal time measurement in plants: transcriptional & post-transcriptional regulatory mechanism" |
| 11/22/2021 | Bruce Reisch Cornell University | Yuya Liang | "The VitisGen2 Project: Next generation technologies to accelerat grapevine improvement" |
| 11/29/2021 | Yong-Qiang (Charles) An USDA | Ning Jiang | |
| 12/6/2021 | Awards | | |
